

The Wilmington Promise: Unlocking Potential Together

I pledge to support Second Chance Month by recognizing and unlocking the potential within every member of our Wilmington community.

I commit to being open, offering opportunities, and advocating for policies that support reentry and rehabilitation.

Together, we can transform lives and strengthen our community.

You can do your part by **recognizing the potential** within each person and **working together** to create a more **just, equitable**, and **compassionate** world.
